Dear Aunt

We will send tomorrow
by train a piece of
American beef so as
you may try
the flavor and
quality of it and I
hope you will like
and enjoy the eating
of it.

I send you this
piece as a present
but if you should like
to have any more I
am afraid you will
have to pay for it
this piece being only
on trial - I will come
to see you some time
this month I have
been quite upset
since I came home
from London I have
hardly been out

of the house excepting
one day I went up to
Worcester to see Mother
as I was afraid she
would have been very
low after the shock
of poor Uncle's death
being so sudden
but thank goodness
she is picking up
wonderfully and I
hope you are trying
to hear up as it
must have been a

very great grief to
you Robert sends
his kind mind love
to you all in which
I join with all my
heart your
affectionate niece
Eliza Humphreys
