Dear Sister

I have taken the pleasure of writing these few words to you, in hope that you enjoy the pleasure of health, as we all remain here at present. I have left the College on the first of May - and am now at home since then. I have the pleasure to state to you that I have gone before every student in the College - for which they have awarded me with three Prizes - as you will find in the Newspaper that I will send you - ~~I am now at home~~ ~~for~~ we were very sorry to hear that you could not come home this summer - if you could possibly come we shall be very glad to see you, as we were expecting you very much last summer. we are also very glad to hear that ^{you} like your situation so well

We have had a letter this morning from Gwrych
they are all well at present, little Charles is now here
the scarlet fever is raging now very much at Aberystwyth
3 or 4 deaths occurring there almost every day, Louis Roberts
of Kings head died of it. I was thinking of coming to Manchester
when I was leaving the College. but I was afraid that
I could not meet with a situation. I have not been
very busy yet this year as there are very few
diseases about just now - Mother thinks that
she cannot come to Manchester this summer but
if she can come at all she will come after the
harvest. Anne Edwards of Llanuiddog Bush died
about 3 weeks ago. and Ellen her daughter died last
night. also John Parry - of Gwern y forfydd, Sidney and
the family are all well. she has two children a Boy and
a Girl - John is thinking of going to sea to Wm Price

I am afraid that I will not be able to do
 as much as will keep me at the College next year
 as I shall want a little more next session, than I paid
 the last session, about 7 or 8 pounds, as I made last
 summer exactly sufficient to keep me at the College
 without getting any from nobody. If I shall fall
 short this session of money. I shall take the liberty of
 asking you for the loan of a little, if you would be so
 kind - and I shall pay you, as soon as I have finished
 and I hope a great deal more too - besides being very
 thankful, I shall finish every thing, and be a qualified
 Doctor in after a few months after the next session.
 I know that my Sister Betty would have lend me
 any sum as ~~to~~ ^{stant} and her told me that that I had only
 to mention, and they told me last session that if I wanted some
 I had only to send to them, but I would rather get some from
 you, as I know that I shall be welcome of any thing you could
 do for me. I shall be very glad if you will send me a letter as soon
 as you receive this - and let me ~~know~~ know if you have saved much
 money - and if you can lend me a little, I shall will come and see you
 to Manchester, and to receive them. I am very sorry to ask you, be sure to write
 as soon as you receive this letter. From your loving Brother *Thomas*
